

Product Information for AXENS Specification

AGC Plibrico offers a comprehensive lineup of THERVEK brand products that are fully compliant with AXENS's specifications for monolithic refractory materials. These products boast extensive usage experience and have received high praise from our customers.

Type	Description	Method	Brand
3	Ultra erosion resistant	Ramming	THERVEK CYMIX II
2B-G	Less erosion resistant / More heat-insulating	Gunning	THERVEK G-ABR-MW
2B-F		Freeflow casting	THERVEK ABR-MW
2B-C		Vibrocasting	THERVEK ABR-MW
2A-G	Medium erosion resistant / Heat-insulating	Gunning	THERVEK G-ABR
2A-F		Freeflow casting	THERVEK ABR
2A-C		Vibrocasting	THERVEK ABR
1B (G)		Gunning	THERVEK G-LC22
1B (C)	Heat-insulating / Light weight	Casting	THERVEK C-LC22
1A-G	Heat-insulating	Gunning	THERVEK G-LC24
1A-C		Casting	THERVEK C-LC24

Brand of AGC Plibrico for UOP Spec.

Spec. No.	Title	Category-1	Product-1	Category-2	Product-2	Category-3	Product-3
3-22-X	GUNNED REFRACTORY LINING	Lightweight Insulating Refractory	THERVEK G-LC3-22A	Mid-weight Insulating and Abrasion Resistant Refractory	THERVEK G-3-24	Low Iron Insulating Refractory	THERVEK G-LC3-23
3-24-X	VIBRACAST REFRACTORY LINING	Lightweight Insulating Refractory	THERVEK C-LC3-22A	Mid-weight Insulating and Abrasion Resistant Refractory	THERVEK V-3-24 (THERVEK F-3-24)	Low Iron Insulating Refractory	THERVEK C-LC3-23
3-25-X	ABRASION RESISTANT REFRACTORY LINING	Abrasion Resistant Refractory	THERVEK RM-3-25
